## 5 arrested for stealing sarees worth Rs. 3 lakhs from shop in Welcome Colony

3 women and 2 men from Vijayawada were arrested by Thirumangalam police on March 6 for stealing sarees worth Rs. 3 lakhs from a textile shop owned by Avantika in Welcome Colony, Anna Nagar Western Extension on Feb. 12.

3 women and 2 men had entered the shop as customers, and spent more than an hour looking at more than 50 sarees, and left abruptly without buying anything.

It was when the saleswoman Pramila started to fold and put the sarees back on the shelf that she noticed that some expensive sarees were missing.

Avantika checked the CCTV footage and found that the women were deftly hiding the sarees in a shoulder bag by diverting Pramila's attention periodically.

She lodged a complaint in Thirumangalam police station and submitted the CCTV footage as evidence. The registration number of the car which the culprits had used had also been recorded in the CCTV installed outside the shop.

An alert was sounded to all police stations and a car with that registration number was stopped near Padi flyover by the police on March 6.

The occupants were identified from the CCTV footage and were taken to Thirumangalam police station for interrogation.

The culprits confessed to the theft and told the police that they had sold the sarees in Vijayawada for Rs. 3.35 lakhs.

Police recovered part of the cash from them.

D. Velmurugan (Inspector, Thirumangalam) is handling the investigation.

**Residents stall installation of mobile signal tower**

Sir, Bakiathammal Nagar, Anna Nagar Western Extension is a residential area with a number of flats and individual houses.

Recently, the mobile service provider Airtel brought equipment to install a signal tower on the terrace of a building on 6<sup>th</sup> Street.

When neaby residents raised objections, the Airtel contractor said that they had the necessary permission from the owner and proceeded with the work. As the owner stays elsewhere and could not be contacted, the residents, though two local Residents' Welfare Associations, lodged a complaint in Korattur Police Station and requested them to intervene and stop the work, citing ill effects of installing signal tower in residential areas. After the police intervened, the contractor stopped the work leaving behind the partly completed structure. The Associations later lodged a complaint with Chennai Corporation and filed a petition in the High Court. **Member, Bakiathammal Nagar Residents' Welfare Association**

**Civic problems in East Mogappair**

Sir, In East Mogappair, Marimalai Adigalar Street, Rathinavel Pandian Road and Ori Salai were relaid a year back but, within a couple of months, they were dug by Metrowater or the Corporation to carry out some major work. In spite of patch works later undertaken by the Corporation, the surfaces remain uneven and damaged in several places.

The residents of the newly constructed TNHB Building on Vandiamman Koil Street are dumping waste on the road margin in front of the gate, oblivious to the health hazard. A number of damaged vehicles including 2-wheelers and 4-wheelers are dumped on the roadside in 3rd Block and 4th Block. There are several encroachments on Valayapathi Salai including roadside mechanic shops that block the way for pedestrians. I appeal to the officials concerned to take suitable action to rectify matters. **Durai Nandagopal, 45/3, 5th Block, East Mogappair, Ph: 2656 3413, 94445 24993.**

**Broadband cable runs very close to power cable**

Sir, Last week the contractors of Reliance Jio erected 12 feet tall posts on G Block 19th Street near Chinmaya Vidyalaya, Anna Nagar and fixed a continuous network of fiber optic cables to the posts.

A 10-foot section of the cable is passing very close to the power cables connected to the overhead transformer installed outside my house in G 1180. Even a rustle of wind brings the power cable and the fiber optic cable into physical contact which is hazardous. In case of a short circuit in the power cable, the high voltage can also pass through the fiber optic network which will have connections within several houses on the street. It could lead to fire, damage to equipment or even electrocution. I appeal to the officials of Reliance Jio to take immediate action to realign the cable to ensure that it does not come in contact with the power cables. **V. Appakutty, G 1180, G Block 19th Street, Anna Nagar**

**Tamil Encyclopedia, brain child of Anna Nagar resident, released**

The World Tamil Encyclopedia (உலகத் தமிழ்க் களஞ்சியம்), the first of its kind and a seminal addition to Tamil language and heritage, was recently released in Chennai.

Compiled through an intense 12 years of painstaking effort, this book in 3 volumes is the brainchild of Prof. Dr. E.J.Sundar, a resident of Anna Nagar.

According to Dr. Sundar, former Tamil Professor of A. M. Jain College, the encyclopaedia features 16500 entries in 2141 pages, and is a comprehensive compilation of all things related to Tamil, Tamilnadu and Tamilians.

Dato Jothinathan of Malaysia, founder of Uma Publications, is the publisher of the work.

Late Dr. K. P. Aravaanan, former Vice Chancellor of Manonmaniam Sundaranar University, was Special Advisor.

Fifty subject matter experts contributed to the book, with Mr. Nalankilli serving as Editor.

World Tamil Encyclopedia covers topics relating to Tamil literature, arts, history, religion and more, and also compiles relevant information from other countries where Tamilians have established themselves.
